

NOTES FROM *around the corner*

Seniors for Seniors

CORNER HOUSE STUDENT BOARD'S POPULAR PROGRAM RETURNS FOR ANOTHER YEAR.

Last year, as the global pandemic shut down community centers and schools, our Teen Leadership Students looked for ways to connect our community. The Corner House Student Board developed the Seniors for Seniors initiative, which pairs seniors in high school with members of the Princeton Senior Resource Center. Together, they talk about hopes, dreams, fears and the difficulties of life in the middle of pandemic. The program was so successful, so meaningful, and so powerfully moving that we brought it back for the 2021 year!

— “ —

The Seniors for Seniors program is brilliant, and whoever thought of it should win an award. I love it!

Corner House TV

INTRODUCING A NEW WAY TO STAY CONNECTED

Our Corner House Student Board leaders are continuing to invest and connect within our community, developing innovative new initiatives. Their newest initiative, Corner House TV, brings thoughtful tips, discussions, and suggestions on how to successfully navigate our world. You can view the first episode of CHTV, Staying Safe During the Pandemic, on our website and social media channels! New episodes will premier throughout the 2021-2022 school year, so stay tuned!

Clinical Conversations

**THE CORNER HOUSE CLINICAL TEAM
PODCAST BRINGS EXPERT
KNOWLEDGE TO YOU**

In a new series, Clinical Conversations, members of our Corner House Behavioral Health team sit down to talk about addiction, treatment, and recovery. The first episode is available on our website and features Clinical Director Dave Errickson, LCSW, LCDAC, and clinician Conner Romanowsky, LSW, in an informative and eye-opening discussion about the nature of addiction and substance abuse treatment.

*Recovery is about
learning and entering
into a life— or even
returning to a life—
that is self-directed.*

**DAVE ERRICKSON, LCSW,
LCDAC**

Leading the Way

MEET BELLA KNOX, ENTREPRENEUR

Bella is a junior at Princeton High School and a member of Corner House Behavioral Health's World of Work for Youth (WOWY) Program. Recently, Bella started her own online clothing boutique, donating a portion of her profits to social justice organizations like Equal Justice Initiative, National Coalition to Abolish the Death Penalty, and American Civil Liberties Union.

"My favorite part about being in WOWY is the opportunity to feel safe expressing my thoughts and opinions."

¿Necesitas ayuda?

MEET STEPHANIE NEIRA, LAC BRINGING SPANISH SPEAKING SERVICES TO PRINCETON

Stephanie Neira, LAC, joined the Corner House Behavioral Health team in January of 2020 as a bilingual clinician. Stephanie's addition as our bilingual clinician makes Corner House one of only a few programs to offer bilingual treatment in our area. Stephanie provides vital counseling for substance abuse and co-occurring disorders to our Spanish speaking community.

"I find inspiration in forming connections with my clients and helping them achieve their goals."
