All thanks to you!

Never doubt that a small group of thoughtful committed citizens can change the world: indeed, it's the only thing that ever has.

OUTREACH STUDENTS ATTEND MONTCLAIR STATE OPEN HOUSE

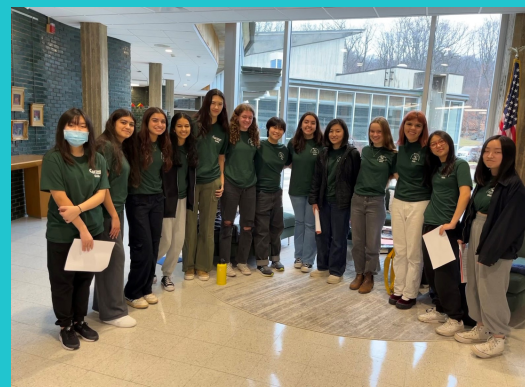

The students of Corner House's Princeton Youth Project (PYP) and WOWY took a day trip to Montclair State University to learn more about campus life as well as its requirements for admission. Our coordinators work diligently during the school year to mentor and guide students into the excitement and reality of college. As part of Outreach Programs, students have free access to SAT mentors, Financial Aid workshops, and career building activities. We know our students will find much success during their college search!

It is an honor that WOWY senior, Meyli, will be attending Montclair State University this fall to pursue a degree in Psychology!

Our GAIA students have had another successful year engaging and developing workshops for the elementary students of the Princeton area. From Princeton Day School to Riverside Elementary, GAIA students have facilitated workshops on equity, social identity and understanding microaggressions. Through interactive discussions and hands on activities, GAIA and its coordinators have found a way to introduce social concepts to a young audience in a safe and comforting environment!
