HONORING LEAH MCDONALD AND PRINCETON POLICE DEPARTMENT

The Corner House Spring Benefit returned for 2021! If the last 18 months taught us anything, it's the importance of focusing on the things that matter most. For us, that means our mission and our community. We were thrilled to gather to celebrate both as we presented the Marie L. Matthews Award to Leah McDonald and the inaugural James A. Floyd Community Partner Award to the Princeton Police Department, two of our most respected advocates for healthy living. The evening also featured a presentation from our Corner House Student Board and a video reflecting on the positive impact of Corner House in our community.

Celebrating 50 Years

**CORNER HOUSE GEARS UP TO
CELEBRATE 50 YEARS OF SERVICE
TO THE COMMUNITY**

Corner House is preparing to celebrate their 50th anniversary in 2022! Nearly half a century ago, in 1972, Corner House opened their doors. What started as a community-based substance abuse counseling center has evolved into a multi-faceted approach to treating and preventing substance abuse. Through Prevention and Treatment programs, Corner House has worked to create a healthier, stronger, and more vibrant community.
